SHARAD GUPTA

Indian Institute of Information Technology Jabalpur , MP
sharad2005guptag@gmail.com | LinkedIn

ABOUT

Third-year B.Tech student at IIITDM Jabalpur with interests in AI/ML, Data Science, Industrial Automation, and Smart Manufacturing. Skilled in PLC programming, Mechatronics, and Industry 4.0 technologies, with a passion for combining engineering and intelligent systems to solve real-world industrial challenges.

EDUCATION

Indian Institute of Information Technology, Design and Manufacturing (IIITDM) Jabalpur
Bachelor of Technology (B-Tech.) in Mechanical Engineering Expected 2028
CPI: 7.4/10
Ramshree Public School, Orai May 2024
Senior Secondary Education (Class XII) | 92%
V.S.B. Education Centre, Orai | May 2022
Secondary Education (Class X) | 95%

PROJECTS

AI Discussion Analyzer | *Link*
- Developed an AI-powered discussion analysis platform using NLP techniques.
- Implemented thread summarization, toxicity detection, and smart recommendations.
- Improved discussion quality and content discoverability.

Student Performance Predictor | *Link*
- Built a machine learning model to predict student academic performance.
- Performed data preprocessing, feature engineering, and model evaluation.
- Developed an interactive web interface using Streamlit.

EXPERIENCE

Core Committee Member
Electronics and Robotics Society, IIITDM Jabalpur Feb 2025 – Present
- Contributing to robotics and embedded systems projects.
- Working on the integration of AI and software with hardware systems.
- Experienced with Arduino, ESP32/ESP8266, Arduino IDE, Cytron, L298N, and BTS motor drivers.
- Coordinating technical activities and supporting team management.

Core Committee Member
Aero-Fabrication Club, IIITDM Jabalpur Sep 2025 – Present
- Involved in the design and fabrication of RC aircraft.
- Studying drone fundamentals and flight control systems.
- Working with Ground Control Systems (GCS) and aeromodelling technologies.

SKILLS

Languages: C++, Python
AI/ML & Data Science: Machine Learning, Scikit-learn, Pandas, NumPy, Matplotlib, Data Analysis
Automation & Mechatronics: PLC (Siemens S7-1200), TIA Portal, Electro-Pneumatics, Industry 4.0
CAD/CAE: SolidWorks, Fusion 360, Siemens NX, MSC Adams
Tools: Git, Streamlit, Flask, Arduino IDE
Hardware: Arduino, ESP32/ESP8266, Cytron, L298N, BTS Motor Drivers , Resberry Pi
Soft Skills: Communication, Teamwork, Problem Solving, Leadership

ACHIEVEMENTS

- Solved 400+ Data Structures & Algorithms (DSA) problems @ LeetCode.
- Achieved 3★ Rating on CodeChef.
- Siemens Scholar Batch-12
